

general labor, general storehouse -
and, general distributor, proved in
effectiveness, and reduced our little
colony to a state of ~~the~~ confusion &
almost ruin. There were one hundred but
one, persons, here ~~and~~ hundred thousand.
If pecuniarily I were able, Massachusetts should
have her depot in this city and I should
have no fears of mobility. This to me would
be an experiment, for human dignity &
safety I discern other points, this has
been clear to me from the first. strength-
ened by eight months study observation.

When I write another ^{idea} thought seems
to me - that I have thought of to provide
each of our Regiments that are to
occupying the most expectant with some
strong well filled boxes of useful articles
the stores, which are not to be opened until
^{little or other} some ~~action~~ or strong necessity render
supplies necessary - this necessity one
sure to follow, come unless anticipated
come guarded against - one activity on
the part of friends at home can
prevent the suffering which their
absence will create, with regard to our
23 25 & 27, regts I cannot speak
but our 21st I know have no
such misgivings, and will not have
unless thoughts of at home and the
consequence of neglect will be that
by & by our army here will be coming by order
of our last officer and desert from being
their lines computed by the ^{the list} inches of taller
