Assignments, Grading and Due Dates:

Class Participation:

Students must read the assigned material **before** engaging in discussion and must contribute as much as possible to the in-class discussions. Each student is likely to find considerable benefit in the exchange of ideas, doubts, and criticisms during discussions. Much of the value of a graduate class is in the sharing of the knowledge and perspective that each participant brings to the sessions.

Final Exam:

A final exam will be distributed during the final class session. The exam will cover all readings assigned for the class, as well as material discussed in class.

Analytical Paper:

Students will prepare an analytical paper about an international topic of their choice. The paper will model an outstanding form of analytical writing as discussed in class. It will be 5-7 pages (double-spaced) and will examine and evaluate a contemporary international issue from a particular theoretical perspective and level of analysis. **The final paper will be due on November 10 via Canvas.**

Grading:

This is a letter-graded course: A, B, C, D, or F. The standard grade scale will apply: 90%-100% = A; 80%-89% = B; 70%-79% = C; 60%-69% = D; below 60% = F.

Assignment	Percent of Grade
Class Participation	20%
Analytical Paper	40%
Final Exam	40%

Notice: Failure to meet assignment due dates could result in a grade of I (Incomplete) and may adversely impact Tuition Assistance and/or Financial Aid.
